It gives me immense pleasure to present the placement brochure of the graduating batch of 2017 of National University of Study and Research in Law, Ranchi.

Various academic and co – curricular activities help the students to balance the virtues of discipline, earnestness and punctuality. The Students of the batch of 2017 constantly strive towards achieving their goals. They have increasingly shown a variety of interests in internships. Students have interned under various law firms, reputed non-governmental organisations, corporate houses, Senior Advocates of Hon'ble Supreme Court of India and various High Courts, Public Sector Undertakings .etc. There has been an active participation in National and International Moot Court Competitions, Model United Nations, Sports and different Literary and Debate Competitions. Message

Introducing the Batch of 2017 is a moment of great pleasure for me on a personal & professional front. I have been associated with this batch from their very first year, and I have seen them evolve over the years from enthusiastic students, to one of the best legal minds I have come across.

The zeal in the students to be always ready in the process of learning, gives an impetus to their skills as a professional. They have over the years brought several laurels to the University, being an inspiration for the batches to follow. Be it Moot Court Achievements, Publications or Sports. They have, through their hard-work made themselves enviable to others.

Over the years, they have enhanced their spirit of teamwork and developed a very cordial relationship with the University and helped it grow by leaps and bounds.

I feel elated to be the one to present this batch of hardworking students who I am sure will bring laurels to the organizations they are associated with.

I wish them all the best for their prosperous life ahead.
